

Status of the driver or application software that supports the Microsoft Windows 10

We would like to announce the release plan for Windows 10 compatible drivers and application software for Graphtec products.

The driver and application software will be tested sequentially with the Windows 10, and it will be updated if it is necessary. It is planned in the following schedule.

Please contact to local representative of Graphtec for details.

Cutting Plotters

Date: February 2, 2016

Products	Description	Driver/Software Name	Planned release date
FC series (Grit-rolling) FC8600 series FC8000 series	Windows driver	OPS662 (ver. 2.90)	Available
	Plotter controller	OPS675 (ver. 1.50B)	Available
	Design software	Graphtec Studio (ver. 2.2.1027)	Available
	Plug-in software for Adobe Illustrator or CorelDRAW	Cutting Master 3 (ver. 2.2.1040)	Available
		Cutting Master 2	N/A
CE series (Grit-rolling) CE6000 series CE5000 series	Windows driver	OPS662 (ver. 2.90)	Available
	Plotter controller (for CE6000)	OPS676 (ver. 1.40B)	Available
	Plotter controller (for CE5000)	OPS664 (ver. 2.20B)	Available
	Design software	Graphtec Studio (ver. 2.2.1027)	Available
	Plug-in software for Adobe Illustrator or CorelDRAW	Cutting Master 3 (ver. 2.2.1040)	Available
		Cutting Master 2	N/A
CE600-120AP CE5000-120AP	Windows driver	OPS628 (ver. 10.2)	Available
FC series (Flatbed) FC2250 series FC4500 series	Windows driver	OPS662 (ver. 2.20)	Available
	Design software	Graphtec Studio (ver. 2.2.1027)	Available
	Plug-in software for Adobe Illustrator or CorelDRAW	Cutting Master 3 (ver. 2.2.1040)	Available
		Cutting Master 2	N/A

Craft ROBO series CraftROBO Pro (CE5000-40CRP)	Windows driver	OPS660 (ver. 2.60)	Available
	Plotter controller	OPS664 (ver. 2.20B)	Available
	Plug-in software for Adobe Illustrator or CorelDRAW	Cutting Master 2	N/A
CC300, CC330	Windows driver	OPS653 (ver. 4.30)	Available
	Plotter controller	OPS654 (ver. 5.01)	Available
	Plug-in software for Adobe Illustrator or CorelDRAW	Cutting Master 2 for CraftROBO	N/A

Scanners

Date: February 2, 2016

Products	Description	Driver/Software Name	Planned release date
38" Scanner CSX500 series (CSX510, CSX530, CSX550)	Windows driver (USB)	ver. 2.20	Available
	Network Utility (for CSX550 only)	ver. 2.70	Available
	Scanning Master Pro Color	OPS115 (ver. 8.30)	Available
	Scanning ARTS 2 for Win	OPS125 (ver. 3.50)	Available
	TWAIN driver	OPS111 (ver. 8.30)	Available
36" Scanner CSX300-09	Windows driver (USB)	ver. 2.20	Available
	Scanning Master Pro Color	OPS115 (ver. 8.30)	Available
	Scanning ARTS 2 for Win	OPS125 (ver. 3.50)	Available
	TWAIN driver	OPS111 (ver. 8.30)	Available
42" Scanner CS510 series CS610 series IS210 series	Windows driver (USB)	ver. 2.20	Available
	Network Utility	ver. 2.70	Available
	Scanning Master Pro Color	OPS115 (ver. 8.30)	Available
	Scanning ARTS 2 for Win	OPS125 (ver. 3.50)	Available
	TWAIN driver	OPS111 (ver. 8.30)	Available

Label printer

Date: February 2, 2016

Products	Description	Driver/Software Name	Planned release date
LABELROBO LCX603	Windows driver	OPS632 (ver. 2.10 for 32-bit OS) (ver. 2.20 for 64-bit OS)	Available

Instruments

Date: February 2, 2016

Products	Description	Driver/Software Name	Planned release date
Data Acquisition Unit GL7000 series	Windows driver (USB)	ver. 2.03	Available
	Application software	GL-Connection (ver. 1.64)	Available
High-speed Logger GL900 series	Windows driver (USB)	ver. 2.03	Available
	Application software	GL900-APS (ver. 2.06) ^{*1}	Available
		GL-Connection (ver. 1.64)	Available
Multifunction Logger GL840, GL240	Windows driver (USB)	ver. 2.03	Available
	Application software	GL100_240_840-APS (ver. 1.11)	Available
Multifunction Logger GL820, GL220	Windows driver (USB)	ver. 2.03	Available
	Application software	GL220_820-APS (ver. 1.12)	Available
		GL-Connection (ver. 1.64)	Available
PetitLogger GL100 series	Driver (GL100-Network_Config)	GL100-Network_Config (ver. 1.01)	Available
	Application software	GL100-APS	N/A
		GL100_240_840-APS (ver. 1.11)	Available
Paperless Recorder MT100	Windows driver (USB)	ver. 2.03	Available
	Application software	MT100-APS (ver. 1.06) ^{*2}	Available
Recorder WR300 series	Windows driver (USB)	ver. 2.03	Available
	Application software	WR300-APS	N/A

*1: The version number of GL900-APS varies by the edition for language.

(English: ver. 2.06, Chinese: ver. 2.01, French: ver. 2.02, German: ver. 2.05, Korean: ver. 2.01)

*2: The version number of MT100-APS varies by the edition for language.

(English: ver. 1.06, Chinese: ver. 1.01, French: ver. 1.01, German: ver. 1.01, Korean: ver. 1.01)
